

## Making TC data management easy!

# WorldPoint One

Version 2.0

For over five years, **WorldPoint One** has become the software program Training Centers depend on to simplify paperwork and registration, track inventory and loan-outs, and easily stay in touch with students and staff.

Version 2.0 is faster, with expanded features and functions such as: improved secure access to protect confidential files; streamlined screen layouts, Excel and pdf templates for creating reminder letters, reports, class schedules, and forms.

**WorldPoint One** comes in three editions\* so you can get the power you need for your specific training center needs.

More powerful  
and easier than ever  
to use!

## Top 10 reasons to use **WorldPoint One** at your Training Center:

10. **WPOne** is a powerful, yet easy-to-use software program designed **specifically** for the needs of AHA Training Centers, that organizes and simplifies data management.
9. **WPOne** is powered by the latest version of the **best-selling** industry favorite, **FileMaker Pro 9**.
8. Instructors can input registration and other information from the field allowing TCs to keep important data **all in one place**.
7. It's Microsoft **Vista** compliant.
6. **WPOne** makes printing professional, personalized **course cards** easy.
5. The new 'tool tip' feature **explains** many screen icons and new functions.
4. **WPOne** includes **pre-formatted letters** and promotional tools.
3. Easy **templates** can be used to create professional documents and reports.
2. Package includes 90 days of **free tech support**.
1. **Numerous TCs** across the country have been using **WP-ONE** to assist in managing their business.
